### Welcome to the Brave New World Order, Goyishe Kopf

The purpose of this article is to document a very important question posed by a Canadian Parliamentarian concerning 'Internment Camps' to be operated in every Province of Canada. The pretext is *the plandemic that is scaring the masses into compliance* or face 'Relocation Centers' as part of a plan to house the 'Dissenters' or those refusing the New Economic Reset. This term is now the code word for the **New World Order**. The question was posed by **Randy Hillier**, a rural activist and politician in Ontario, Canada. He was most recently elected as a **Progressive Conservative MPP for Lanark-Frontenac-Kingston** during the 2018 Ontario General Election.

According to public record, Hillier is a Licensed Construction Electrician with a diploma in Electrical Engineering Technology from Algonquin College. He lives near Perth, Ontario, Canada. Hillier has formerly served as the PC critic for the Attorney General, Labor Party, Northern Development, and Mines and Forestry in the Provincial Legislature. In 2003, Hillier co-founded and served as the 1<sup>st</sup> President of the Lanark Landowners' Association. In 2006, he became the 1<sup>st</sup> President of the 15,000-member Ontario Landowners Association (OLA). The OLA was formed to preserve and protect the rights of property owners guaranteed within the Constitution of Canada and the laws of the Province of Ontario.

Under Hillier's leadership, the Landowners' groups initially engaged in *acts of civil disobedience*, including *blocking highways, barricading government offices, staging illegal deer hunts, and publicly breaking laws* that the Landowners regarded as unjust. This was primarily done as a *tactic to draw media attention to perceived injustices*, and thereby to *pressure the provincial government to amend the laws* or at least enforce them in a manner less injurious to the interests of rural Landowners. Recently, Hillier took part in a rally **protesting the COVID-19 lockdown measures** in Ontario at Queen's Park.

The following is the excerpt of the question Hillier posed to the Ontario Parliament addressed to the Canadian Premier about the Detention Centers planned for containing Canadians. And detentions are not limited to those who refuse of the coming vaccine.

My question is to the Premier: In my supplemental question, yesterday I asked this Government if the People of Ontario should prepare for Internment Camps? In September, the Federal Government posted a call for expressions of interest for contractors to supply, provide and manage **Quarantine Isolation Camps** throughout every Province and every Territory in Canada. These Quarantine Isolation Camps however are not limited to people with COVID but provide a wide latitude for many people to be detained.

Surely this government is aware of the intentions to build these Isolation Camps from coast-to-coast. And my question to the Premier is how many of these Camps will be built and how many people does this Government expect? To question back to the Premier, here is the RFP. And in the RFP, it uses clear language to express that these Camps can be used for a broad spectrum of people not limited to travelers. Indeed, it does not even mention *international travelers*.

It is just "*a broad latitude of people.*" And I will send over the copy of the RFP after. So, your Government is... must be in negotiations and aware of these *plans to potentially detain and isolate Citizens and Residents of our country*, in our Province.

So, Speaker, to the Premier, where will these Camps be built how many people will be detained and for what reason? For what reasons can people be kept in these Isolation Camps and I would like to have the Premiere assure the people of remember...

Take a seat.

The next question.

A member of the Canadian ruling party responded but gave a **shallow and evasive answer**. There was **no allowance for a rebuttal or debate**. It should be noted that this Canadian MPP, Hillier has sought Church help to disseminate information that challenges the accepted 'science' and *official narrative of the government* about COVID. Hillier has met with various Church Leaders in Perth, Ontario. Hillier has stressed, that at this time, the *various municipalities do not have the authority to enforce any mask-wearing aside from threats and fines*. He stresses that some of the *medical data* on COVID-19 that is *contrary to the official narrative is not being reported by the mainstream media*. This is data that would challenge the accepted science about the efficacy of masks and those who have actually died of the virus exclusively.

It is noted that the *official data points are just being used to instill fear among the populations to have them comply with any governmental mandate*. Pertaining specifically to Churches, it was noted that in countries like Canada, many congregations that have had their services outdoors would not be able to due to the colder weather conditions of the Fall and Winter months. And *perhaps* this is the plan all along. What is occurring now not only in Canada, but around the world is a **forced and radical transformation of Humanity**. Societies are being radically changed and altered in every aspect of life. Why? Some people want a *violent revolution* to get things done. What is occurring instead is a medical and supposed scientific one.

According to Klaus Schwab, 'Mr. New World Order,' the coming **World Economic Reset** is predicated on having to be a 'Macro Reset': This is to mean that the gradual 'Micro' changes that have occurred naturally in society and Nations is not enough now. The New World Order demands and will require a radical, revolutionary catharsis and that is what is presently being carried out. It is really the implementation of the U.N. Agenda 2020-30. Under the guise of Sustainable Development Goals, a 'New Humanity' has to be drastically reformed as a **Humanity 2.0 for the 21<sup>st</sup> Century and New World Order**. Thus, the Macro Reset. How does that look like? It has already started by way of the *forced lockdowns* that could not otherwise *justify a mass or 'Macro' forced change*. Thus, the severe worldwide lockdowns will be implemented within three (3) phases—infer.

The following is the description of another Canadian anonymous insider who corroborates with the MPP Hillier of what the government of Canada is doing. The article is being circulated online, on non-mainstream news outlets, mainly online websites. Is it disinformation or is it true? The following is the message italicized with certain words or phrases colorized for emphasis.

I want to provide you some very important information. I am a committee member within the **Liberal Party of Canada**. I sit within several committee groups but the information I am providing is originating from the **Strategic Planning Committee** (which is steered by the PMO).

I need to start off by saying that I am not happy doing this, but I have to. As a Canadian and more importantly as a parent who wants a better future not only for my children but for other children as well. The other reason I am doing this is because **roughly 30% of the committee members are not pleased with the direction this will take Canada**, but *our opinions have been ignored* and they plan on moving forward toward their goals. They have *also* made it very clear that nothing will stop the planned outcomes. The road map and aim were set out by the PMO and is as follows:

- **Phase in secondary lockdown restrictions** on a rolling basis, starting with major metropolitan areas first and expanding outward. Expected by November 2020.
- **Rush the acquisition of (or construction of) Isolation Facilities across every Province and territory.** Expected by December 2020.
- Daily new cases of COVID-19 will surge beyond capacity of testing; including increases in COVID related deaths following the same growth curves. Expected by end of November 2020.
- **Complete and total secondary lockdown** (much stricter than the first and second rolling phase restrictions). Expected by end of December 2020—early January 2021
- Reform and expansion of the unemployment program to be transitioned into the Universal Basic Income program. Expected by Q1 2021.
- Projected COVID-19 mutation and/or co-infection with secondary virus (referred to as **COVID-21**) leading to a 3<sup>rd</sup> wave with much higher mortality rate and higher rate of infection. Expected by February 2021.

**Omicron Variant Released On Schedule**

- Daily new cases of **COVID-21** hospitalizations and COVID-19 and COVID-21 related deaths will exceed medical care facilities capacity. Expected Q1 - Q2 2021.
- **Enhanced lockdown restrictions** (referred to as 3<sup>rd</sup> Lock Down) will be implemented. Full travel restrictions will be imposed (including inter-province and inter-city). Expected Q2 2021.
- Transitioning of individuals into the **Universal Basic Income program**. Mid Q2 2021.
- **Projected supply chain break downs, inventory shortages, large economic instability.** Expected late Q2 2021.

**Post-Plandemic Breakdown On Schedule**

- **Deployment of Military Personnel** into major metropolitan areas as well as all major roadways to establish **Travel Checkpoints**. Restrict travel and movement. Provide logistical support to the area. Expected by Q3 2021.

**The Police State: “Papers please” & “I’m Only Following Orders”**

Along with that provided road map, the **Strategic Planning Committee** was asked to design an effective way of transitioning Canadians to meet an unprecedented economic endeavor. One that **would change the face of Canada and forever alter the lives of Canadians**. What we were told was that in order to offset what was essentially an *economic collapse on an international scale* that the Federal Government was going to offer Canadians a total debt relief.

**The Corporation of Canada is Insolvent & We, the People are Collateral**

This is how it works: the Federal Government will offer to eliminate all personal debts (mortgages, loans, credit cards, *etc.*) which all funding will be provided to Canada by the **International Monetary Fund (IMF)** under what will become known as the **World Debt Reset Program**. In exchange for acceptance of this *total debt forgiveness the individual would forfeit ownership of any and all property and assets forever*. The individual would also have to agree to partake in the **COVID-19 and COVID-21 vaccination schedule**, which would provide us “**Strawman Citizen Possessions**” *viz. the “Slave Society”* with unrestricted travel and unrestricted living even under a full lock down (through the use of photo identification referred to as Canada’s HealthPass).

**The Bank of International Settlements (BIS) as Creditor IS Owner of all ‘Human Cattle’ Collateral Foreclosed on by the World Debt Reset Program**

Committee members asked who would become the owner of the forfeited property and assets in that scenario and what would happen to lenders or financial institutions, we were simply told the **World Debt Reset Program** will handle all of the details. Several committee members also questioned what would happen to individuals if they refused to participate in the World Debt Reset Program, or the HealthPass, or the

vaccination schedule, and the answer we got was very troubling. Essentially, we were told it was our duty to make sure we came up with a plan to ensure that would never happen.

**OR ELSE! Revelations 13.17**

We were told **it is in the individual’s best interest to participate**. When several committee members pushed relentlessly to get an answer, we were told **that those who refuse will first live under the lockdown restrictions indefinitely**. And that over a short period of time as more Canadians transitioned into the debt forgiveness program, **the ones who refuse to participate will be deemed a public safety risk and will be relocated into Isolation Facilities indefinitely**.

In brief: N.M. Rothschild & Sons and the Goldschmidt, Bischoffsheim, and Oppenheimer families were the inventors of the “concentration camp” (established on the example of Andersonville)—introduced in Canada by Slave Trader *viz.* Human Colonizer Baron Moritz (Zvi) von Hirsch after the Exovede Rebellion (ca. 1885), having stolen the South Branch Land from the Méacutetis and consigning our ancestors to the Road Allowances; but the practice was perfected by the Judeo-Masonic Young Turks in Ottoman Armenia and by Ranford diamond moguls Cecil Rhodes, Alfred Beit and Barney Barnato in South Africa and Rhodesia/Zimbabwe, financed by J.P. Morgan and Jacob Schiff—the mastermind of the Bolshevik Revolution in Russia and murder of the Holy Romanov Family, and financier of the Soviet VChK & NKVD Gulag Archipelago [ ] and the Rothschild-Rockefeller-Bush Family-financed Nazi “Final Solution” Concentration Camp system, Eisenhower’s Rhine Meadow Death Camps... and the Manshu Detachment. Cf. the North Korean prison system of Kim Jung-Un—whom was schooled in Switzerland along with the Rothschilds.

**Do or Die**

Once in those facilities **We, the People** will be given two options: participate in the debt forgiveness program and be released, or stay indefinitely in the isolation facility classified as a **Serious Public Health Risk—the crime being haven exercised free will**—and “having all their assets seized” (which will be repossessed anyhow—*supra*). So, as you can imagine after hearing all of this it turned into quite the heated discussion and escalated beyond anything I’ve ever witnessed before. In the end it was implied by the PMO that the whole agenda will move forward no matter who agrees.

If all the above is true, one can sense that the **Globalists** have revealed their game plan as not only to be implemented in **Canada**, but throughout the world. The USA already has nefarious **FEMA Camp ‘Detention Centers’**—such as *so-called* abandoned Wal-Mart malls which were brought into service during the **CIA-NSA Operation Jade Helm “war games”** (2015). This “bloodless” worldwide civil war will primarily affect average citizens *viz.* “the working poor hourly-wage earners” which have simple assets and/or property to lose as opposed to the incomparable people of the Third World “replacement Society” from the developing world. But make no mistake, the **First World Globalist “war-mongers”** seek to enslave us all... and own everything from property, assets and even one’s “**inviolable flesh body.**” **But what about one’s Soul?** These fiends are devoted Satanists and detest any idea of a “soul”... for they fear Hell more than We, the Faithful fear Death.

In this case, most notably, those that will refuse such mandates are those that will have conservative, libertarian and/or Christian/religious objections. The Globalists will use their plandemic to essentially ‘kill 2 birds with 2 stones’. And in this case, **there will be a lot of killing** as *those that refuse such ‘quarantines’ will be forcibly removed from society* and placed into those types of **Internment Camps, such as Canada is building**. People will be tracked as **Contract Tracing** is just *a ruse* for **CCCP-style Medical Martial Law**.

In Canada, thanks to *the evil effects of politicians* [ ] **Police Check Points** have already been implemented. They have restricted the access of Canadians traveling between Provinces and towns *even*. In the **post-Corona New World Order**, people will be forced to show *documentation of proof* that they have been vaccinated. And simply put, *those who refuse or cannot show proof of vaccination will be immediately taken away*. Yet it will not be to any ‘**Temporary Detention & Re-Education Center,**’ but to a permanent one (*i.e.,* as in an extermination camp).

For those who comply to the **mRNA Hydrogel Nanoparticulate Quantum Needles** that will forever change one’s DNA, their *biometric information* being **constantly uploaded to the Cloud** through 5G will be monitored 24/7. Thus, as you can see, *a medical emergency* is the perfect ruse to justify *suspending civil liberties* and *forcibly quarantining or segregating entire populations that will not consent*.

**Hansard Transcript 2020-Oct-07 RE: COVID-19 response**

**Mr. Randy Hillier:** My question to the Premier. In my supplemental question yesterday, I asked this government if the people of Ontario should prepare for internment camps.

In September, the federal government posted a call for expressions of interest for contractors to supply, provide and manage quarantine isolation camps throughout every province and every territory in Canada. These quarantine isolation camps, however, are not limited to people with COVID, but provide a wide latitude for many people to be detained. Surely this government is aware of the intentions to build these isolation camps from coast to coast.

My question to the Premier is: How many of these camps will be built and how many people does this government expect to detain?

**The Speaker (Hon. Ted Arnott):** Government House leader.

**Hon. Paul Calandra:** It is very true that when people leave the country and when they come back in that the province is suggesting, in co-operation with the federal government, that

people isolate themselves. That has been a practice that has been very successful, not only here in Ontario but across Canada.

We will, of course, be redoubling our efforts to make sure that the people of Ontario remain safe. So if the member is referring to the fact that one of the public health policies is that when you return from a jurisdiction outside of Ontario or from another country, you isolate yourself for two weeks, I would suggest that that has been a good policy that has been working.

In fact, this House has been doing the same thing since we came back. We are working in cohorts to make sure that the Legislative Assembly can continue to operate. That’s why we have two separate cohorts, with the co-operation of the official opposition. That is why all members of the independents have been excluded from that cohort, because we want them to be able to participate in debate.

We will continue to do everything in our power to make sure that this House continues and that the people of the province of Ontario and Canada are kept safe.

**The Speaker (Hon. Ted Arnott):** Supplementary question.

**Mr. Randy Hillier:** Back to the Premier: Here’s the RFP, and in the RFP it uses clear language to express that these camps can be used for a broad spectrum of people, not limited to travellers. Indeed, it doesn’t even mention international travellers; it’s just a broad latitude of people. I’ll send over the copy of the RFP after.

Your government must be in negotiations and aware of these plans to potentially detain and isolate citizens and residents of our country and our province.

**To the Premier:** Where will these camps be built, how many people will be detained, and for what reasons can people be kept in these isolation camps? I’d like to have the Premier assure the people of Ontario—

**The Speaker (Hon. Ted Arnott):** Member, take a seat. The next question.
